### A Woman's Back

Has many aches and pains caused by weaknesses and falling, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening nervine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle-wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy OF KNOWN COMPOSITION, even though the dealer may make a little more profit thereby. *Your* interest in regaining health is paramount to any selfish interest *of his* and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago, much imitated but never equaled. Little sugar-coated granules—easy to take as candy.

## PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.

If it's painful periods with women, same cause.

If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

### THE TWO-CENT RAILROAD LAW.

As was stated in the Gazette of that day, Judges Wilson and Audenried in the Common Pleas Court in Philadelphia yesterday declared unconstitutional the two-cent railroad fare law passed by the last legislature. The case upon which the decision was made will be at once taken to the Pennsylvania Supreme Court.

The two-cent fare law was enacted by the legislature as a result of agitation during the last political campaign, all parties pledging themselves in favor of such legislation. The railroads, led by the Pennsylvania and Reading, made a strong fight against the enactment of the law, but both branches of the legislature passed the bill with practically a unanimous vote. The law was to go into effect October 1.

The Pennsylvania was the first to attack the law, bringing a suit in the local courts to restrain the county of Philadelphia from collecting the fine for violating the provisions of the act. The hearing in the case lasted nearly a week and among the witnesses were President McCrea and several of the vice presidents of the Pennsylvania Railroad. The contention of the company was that the law was not constitutional, and that the two-cent rate was fixed without any investigation on the part of the legislature as to whether the railroads could make a fair profit under the law, which the company asserts it cannot do. All other railroads operating in Pennsylvania have also brought similar proceedings in various counties of the State, but no decisions have been rendered, as it is generally understood that the Pennsylvania's suit will be made the test case in the higher court.

A dispatch from Harrisburg says at the time of the passage of the bill there was some doubt as to its constitutionality, and for the purpose of testing its legality the act was not made operative until after September 30.

Attorney General Todd says:

"At the time of the hearing in the Philadelphia court the Pennsylvania Railroad Company produced testimony showing that it was carrying its passengers at the rate of 1.97 cents per mile. In the face of this testimony President McCrea and other officials of the company went to the stand and declared it would be an outrage to compel the company to carry passengers for two cents a mile."

**Had Tetter for Thirty Years.**

I have suffered with tetter for thirty years and have tried almost countless remedies with little, if any, relief. Three boxes of Chamberlain's Salve cured me. It was a torture. It breaks out a little sometimes, but nothing to what it used to be.—D. H. BEACH, Midland City, Ala. Chamberlain's Salve is for sale by W. F. Creighton & Co., and Gibson & Timberman.

### SUICIDE OF SUSPECT.

Edward J. Hildebrandt, a painter, 30 years old, committed suicide by shooting himself through the head in Chicago yesterday when about to be arrested for the murder of Mrs. Maude Westerfield, at whose home he was a boarder. Mrs. Westerfield was found shot to death in her bed early yesterday morning. Suspicion was first directed to Hildebrandt through his absence from the Westerfield house, at 152 Indiana street, when the crime was discovered at 6 o'clock yesterday morning. The husband of the murdered woman, Herman Westerfield, who is employed at night as a printer, returned from work at that hour and found the body of his wife, with a bullet wound in the head.

The police traced Hildebrandt to a resort at 76 Peoria street through letters found in his trunk. Also, they believe, they found the motive for the murder in letters written to Mrs. Westerfield from Hamilton, Ont., by a man who signed himself as Billy Murdock, and which are thought to have aroused Hildebrandt's jealousy. Hildebrandt was warned by inmates of the resort in which he had taken refuge that the police had been looking for him while he was away from the house for a short time. When the police returned later Hildebrandt entered the bathroom and fired a shot into his head.

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to druggists everythere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the Stomach, etc.

A weak Stomach, causing dispepsia, a weak Heart with palpitation of intermittent pulse, always means weak Stomach nerves or weak Heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail sample free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by E S. Leadbeater & Sons.

### CONGRESSMAN ASSAULTED.

Cumberland, Md., witnessed two personal encounters on its streets yesterday between prominent citizens, the first altercation growing out of a communication published in an evening paper Monday on the recent republican primaries, and the second encounter resulting from a discussion of the first and the relative merits of the first combatants—J. Philip Roman and Congressman George A. Pearre.

As a result of the first encounter Congressman Pearre was knocked down in front of the Stag Cafe, on Baltimore street, and in the second one F. Brooke Whiting hit Thomas Pownell, superintendent of the United States Leather Company, in the face, slightly and temporarily damaging his features.

Captain Roman went to the office of Justice Humbird, where he was put under arrest for disorderly conduct and held in $1,000 bail for a hearing, which was to have taken place last night, but which has been indefinitely postponed. Later, Colonel Pearre swore out a warrant for his arrest on a charge of assault and battery.

The two affairs created considerable excitement in the city.

# ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

Alexandria Gazette AND VIRGINIA ADVERTISER

SIC SEMPER TYRANNIS

WEDNESDAY EVENING, SEPT. 11, 1907.

THE long-anticipated primary for the selection of a democratic candidate from this district to the Virginia Senate is over, and Mr. R. Ewell Thornton, of Prince William county, will be the standard-bearer. His main competitor, Mr. Lewis H. Machen, the present Senator, has been defeated for renomination by a small plurality, which is no reflection on his ability and the labors he has devoted to his duties which will always be appreciated. It seems, however, that some of the planks of his platform have not appealed to a majority of his constituents. Men in more exalted positions have from time to time met with similar fates, and such chapters will probably continue to be added to the political histories of representatives of States and communities as long as the world stands. Charles Sumner, Andrew Jackson, Henry Winter Davis and other greater lights have been victims of votes of censure in by-gone years, while the course of many has not been approved by a majority of their constituents, and the fact that the Alexandrian has failed of renomination is no new incident in the fluctuations of the body politic. There is no doubt that Mr. Thornton will ably and conscientiously represent the people of this district, and now that he has been selected as the candidate of the democratic party, he will receive the united support of those who voted for his two competitors. The candidate is a well-known and popular lawyer of Fairfax, and needs no introduction in his district. Mr. Alexander J. Wedderburn, the third candidate in the race, is a well-known newspaper man, but such men seldom secure political preferment in this section of the State. Party contests, while spirited, like thunder clouds, should purify the atmosphere, and the serenity that follows should bring gladness and good feeling toward all. The district has had three candidates for the Senate from which to choose. The man has been selected, and his nomination will, of course, be made unanimous.

THE decision of the Philadelphia Court of Common Pleas that the two-cent fare law in Pennsylvania is unconstitutional is the first of what will be a large grist of decisions on this subject from courts in the score or so of states having such a law. The Philadelphia court has not the final word upon the subject. The case will go to the Pennsylvania Supreme Court, and perhaps thence to the Federal Supreme Court. It is not unlikely that some judges in other states will have a different opinion of the law from that just pronounced in Philadelphia so that too much importance should not be attached to this judgment. Some of the grounds on which the Philadelphia court rejects the law are purely local, it being held to be in violation of the Pennsylvania constitution. So likewise it will probably be held that similar laws in many of the states violate the constitutions of those states. In the opinion of the Philadelphia court the two-cent law also violates the federal constitution in being confiscatory, and this part of the decision is of national significance, for if the two-cent law is confiscatory in Pennsylvania it is also presumptively confiscatory in the other States, Pennsylvania being by reason of dense population is better adapted to the low rate than any other State in which it has been enacted. While the large majority of people want a two-cent rate, yet many hold to the opinion that it is no more right for a State to fix railroad fare rates than it would be to fix the price of grain.

LADIES should be careful, at least during thunder storms, about displaying their lower limbs. Miss Hilda Clark, of Columbus, Ga., is mourning a costly jeweled garter, one silk stocking and one slipper because of a prank played recently by a bolt of lightning. She was swinging in a hammock on the veranda of her home when the bolt came. Her left leg was hanging from the hammock and her dress was a bit elevated. The flash of lightning came, and with it a scream from Miss Clark. She was found sitting in the hammock dazed. The bolt had struck the garter clasp, torn off the garter, ripped off the stocking and shattered her slipper. The bolt then passed into the floor, making a hole. Miss Clark soon recovered from the shock. The only mark on her is a blue streak on her left leg where the garter was worn. Most blue streaks are proverbial for the rapidity with which they disappear, but Miss Clark's will linger and will be a constant reminder to her to pull down her dress.

THE foreign office at Tokio has received a dispatch from the Japanese Consul General at Ottawa saying that the Canadian government will express its regret for the occurrence at Vancouver and take steps to prevent further trouble. An official of the foreign office said: "We have the utmost confidence in the Canadian government, as we also have in that of America." The Japanese foreign office is not disturbed by the Vancouver affair, and is quite confident that everything will be done to protect Japanese. The accounts of the demonstrations published in the Tokio evening papers caused no excitement. The people, like the government officials, regard as foolish the idea of a troublesome complication. From the above it will be seen that the Japanese officials are patient, conservative and sensible in the face of the provocations with which they are beset, knowing, as they do, that irresponsible and cruel mobs do not reflect the sentiments of nations they degrace.

A DISPATCH from Spokane, Wash., says five dollar gold pieces could not be exchanged for a cigarette over the counter of any tobacconist in Spokane or throughout the State of Washington, the anti "white-stick" law, enacted by the last legislature, providing for fines up to $300 or not more than 180 days' imprisonment or both, being now in operation. The law is a good one. Cigarette smoking is a most pernicious and insidious habit and has utterly dwarfed the intellects and ruined thousands of young men. If men or boys will smoke let them smoke cigars or pipes. The tobacco used in these is not so drugged as that made into cigarettes.

THAT THE Filipinos will not be fit for independence for fifty years, and that Secretary Taft is weakening in his attitude toward America's wards in the Orient, is the opinion of Representative Hull, of Iowa, chairman of the military affairs committee of the House, who is now in Washington. He says: "The Filipinos should be given to understand that we are going to keep them." Of course "we" are, but the Filipinos cannot understand why the United States fought Spain to "free" Cuba and now holds them as subjects.

THE SATURDAY REVIEW says that newspaper production, like nearly every other industry, is more costly today than it has ever been. The amount of capital invested is much greater; the public is more exacting in its taste and demands a higher standard of literary ability, while all the accessories—and they are numerous—entail an additional expense. This is the reason of the consolidation of so many newspapers now-a-days; of the discontinuance of so many others and for the few new ones that enter the field.

THE definition of politics given by a former Mayor of this city several years since was corroborated by yesterday's primary.

## From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, Sept. 11.

New postage rates between the United States and foreign countries, adopted at the Rome convention in May, 1906, will go into effect on October 1. At the postoffice department the prediction is made that the "new reply coupon" will become very popular in foreign correspondence. This coupon costs six cents in America. Upon its presentation at a postoffice in any of the countries signing the convention, and this includes practically every country in Europe, Asia, Africa, Australia and South America, the bearer will be given without charge a postage stamp of that country equivalent to a five cent United States stamp. By this arrangement a person in the United States can furnish his correspondent in either of the signatory foreign countries with a postage stamp with which to prepay postage on a reply to his letter. It is believed by the department that it will be very helpful to business men seeking to develop business in a foreign country. The rate on foreign letters will be reduced to five cents for the first ounce and three cents for each additional ounce or traction thereof. Previously the rate has been five cents a half ounce, or more than twice as much for the letters weighing more than an ounce.

On his return to Washington today, Secretary of Commerce and Labor Strauss talked freely of his experiences and observations in Hawaii, whither he went to become personally acquainted with problems of administration affecting his department. He was elaborately entertained in Honolulu and made a number of speeches bearing upon the relations between the general government and the territory, which seemed to be well received by the islanders, with the possible exception of the Japanese. He said frankly to a delegation of Japanese editors who had waited upon to him to inquire whether he thought a preponderance of Japanese in Hawaii was inical to the welfare of the islands: "An ideal condition for the future welfare of these islands would be that there should not be too great a preponderance of any one race, but that an equiblibrium be maintained. I would impress upon you, and upon each of the several races here, to have a cate to not exploit the islands for the benefit of any one country, but to act in the spirit of the government under which they live. I would like to see an increasing number of Americans come from the mainland and settle here, if for no other reason than to guarantee for all time to come the continuance of the American spirit."

Officials here were a good deal surprised to read today the interview with Sir Robert Bond, Premier of Newfoundland, denouncing the modus vivendi recently agreed upon by the British and American governments as "a disgrace to British diplomacy and a shameful sacrifice of the interests of the people of the colony." It was declared today at the State Department that Premier Bond got everything he asked for in the drafting of the modus and in the proposition to submit the interpretation of the treaty of 1818 to The Hague Court of Arbitration and his denunciation of the arrangement now is regarded as inexplicable and unwarranted. It is suggested that his attitude as Premier of the Colony, towards the imperial government, is an almost exact parallel to that of the California State authorities towards the federal government here in the Japanese school case. Neither of them appreciate their peculiar relation towards the central government in matters involving international comity. Of course there is nothing for this government to do in connection with Sir Robert Bond's diatribes, as our dealings are with the British home government, but his attitude is regretted because of the embarrassment it necessarily occasions to the British Foreign Office.

Not a day of the seal-catching season on the Alaskan coast passed that pelagic sealing vessels could not be seen hovering off the seal island, says Special Agent Lempke, the representative of the Department of Commerce and Labor, in his report which has just closed. These vessels were outside the three mile limit and beyond the authority of the United States. The North American Commercial Company, lesee from the government secured 14,964 seals out of its quota of 15,000 which it is allowed to take in a season.

U. S. Ambassador Leishman, at Constantinople, has notified the State Department of the intention of the Turkish government to appoint Mehmed Ali Bey as Turkish Minister to Washington and this government has replied that the nomination is entirely acceptable here. The new minister will succeed Chekib Bey, who has been resident here for several years, but who has never presented his credentials. He will come as a minister, but it is considered likely that his rank will be increased to that of Ambassador before long.

Some striking developments in the government's prosecution of peonage practices is looked for in New York city. Assistant Attorney General Russell, who has charge of the investigation, has been summoned there. It is believed more eastern employment agencies are to be prosecuted.

## News of the Day.

The New York city's $40,000,000 bond issue was subscribed five times over yesterday.

The Washington, Baltimore and Annapolis Electric Railway Company may open its line from Baltimore to the National Capital on November 15, if nothing occurs to delay the completion of the road.

The Maryland democratic State central committee in Baltimore yesterday formulated a plan to nominate candidates for United States Senators in primaries held under the supervision of the committee.

Seeking to recover $100,000 damages from Dr. and Mrs. Isaac E. Emerson, their son-in-law, T. Mitchell Horner, has brought suit in Baltimore against them, alleging that his wife's affections have been estranged. Papers in the suit were filed yesterday. Mr. Horner does not know where his wife is living at present, and he has been unable to locate her.

The steamer Haverford, which arrived at Queenstown yesterday evening from Philadelphia, reports that she passed the Lusitania at 7:30 a. m. Monday, and the Lucania three and one-half hours later. It is calculated that if the Lusitania continues this same ratio of gain she will reach New York between 22 and 24 hours ahead of the Lucania. The Cunard company has received a wireless message in London from the Lusitania stating that the vessel ran 561 knots from Daunt Rock lightship to noon on Monday. As the Lusitania passed Daunt Rock at 12:10 p. m., this position shows she is traveling at the rate of 23 1-2 knots an hour.

### THE RATE HEARING.

Frequent clashes between counsel for the State of North Carolina and for the Southern Railway enlivened the proceedings in the North Carolina rate case in Washington yesterday, the controversies being over the question as to whether the counsel for the State should have free access to the books of the railway, to make of them such use as he saw fit it.

General Counsel Thom, for the railway, declared that he did not object to an inspection of the books in the presence of the proper custodian; and in the end Special Master Montgomery, who is taking evidence for Circuit Judge Pritchard, announced that he would issue an order for the production of the books under such supervision. The counsel for the State will be allowed to engage an expert accountant to make the inspection.

Some of the exchanges between Capt. Thom and former Congressman F. A. Woodward, representing the State, threatened to become acrimonious, and compelled the interference of the special master. Mr. Woodward charged that the road paid to James Pou, a brother of Representative Pou, about $3,000 a year for lobbying in North Carolina, and said he would be able to prove it.

### SALOON KEEPERS BARRED.

The great council of the United States Improved Order of Red Men, in sixtieth annual session at Norfolk, yesterday afternoon, adopted an amendment in the laws of the order prohibiting membership in the future to all saloon keepers and bartenders. This is not retroactive and does not effect the present status of such members of the order.

The great council rescinded all legislation enacted at the Niagara Falls session last year in relation to the substitution of the "jewel" for the "sash" and went back to the old form of regalia in its entirety.

The celebration of "Rhode Island Day" at the Jamestown Exposition yesterday drew a large attendance. Present with Gov. Higgins, of Rhode Island, were Govs. Swanson, of Virginia, and Harris, of Ohio. Addresses of welcome were made by Gov. Swanson and President Tucker with response by Gov. Higgins. The oration was by Rev. William H. P. Faunce, president of Brown University.

The country home of Mr. John Woolford, of Lovettsville, Loudoun county, was the scene of a pretty wedding yesterday afternoon when Miss Olive, daughter of Mr. and Mrs. John Woolford, became the bride of Davis Gruver Cooley, son of B. F. Cooley, one of Warren county's most substantial and prominent citizens.

Messrs. Davis & Davis, Washington patent attorneys, report the grant, this week, to citizens of this State, of the following patents: William R. Ball, of Richmond, tie; William E. Cole, of Norfolk, furnace air-feeding mechanism; Franz von Kugelgen and G. O. Seward, of Holcombs Rock, electrolysis of fused salts; and John W. Steel and J. C. Titus, of Norfolk, machine for stemming peanuts.

In the Norfolk city democratic primary yesterday the old Norfolk forces swept the city, electing fifteen out of the twenty-four city committeemen, and gave W. W. Sale a majority of 839 over Marshall R. Peterson, good government man, for the State Senate, Sale is the present Senator. W. W. Old, one of the present delegates and Merritt T. Cooke, had no opposition for the House. Organization carried the day, and the good government forces had practically none.

At the factory of the United Cigarette Machine Company in Lynchburg yesterday some thirty men quit work having unsuccessfully demanded nine hours' work, with pay for ten hours, and a number of restrictions as to the employment of certain men there. At the Glamorgan Pipe Works, also, six machinists walked out, their demand that certain men recently discharged be taken back having been refused. It is stated that neither plant is governed by union rules, and that these walkouts are the beginning of an effort to force the works to adopt those rules.

The Lynchburg Board of Aldermen last night concurred in the ordinance giving the Southern Railway a franchise for its new detour line around the city and through the West End. It was adopted in August by the Common Council. There is no doubt that Mayor Smith will approve the measure. The ordinance has been pending for months. It gives the company the right to maintain a passenger station two miles from the present union station. The run to the South will be shortened thirty minutes by the new route. The board also concurred in an ordinance creating a department of forestry to care for the trees of the city.

### TAYLOR WARRANT SUSPENDED

In the Franklin, Kentucky, County Circuit Court, Judge R. L. Stout entered an order suspending the warrants issued against W. S. Taylor, former Governor of Kentucky, who is charged with complicity in the murder of William Goebel and who is in Indiana.

The action was taken on the motion of Commonwealth's Attorney R. B. Franklin for the purpose of allowing Taylor to return to Kentucky and testify in behalf of Caleb Powers, who is soon to be tried the fourth time for the Goebel murder.

Two requisitions have been made on the Governor of Indiana for Taylor, and both were refused. Attorney Franklin in a statement says that it is for the purpose of getting Taylor to make a statement in open court that his presence is wanted at the trial by the Commonwealth, even though he comes as a witness for the defense.

In Indianapolis, yesterday, Former Governor Taylor, when informed about the action taken by Circuit Judge Stout at Frankfort, was inclined to be skeptical. He said: "The suspension of the warrant could be revoked at at any time. It would afford no real immunity."

### KILLED HIS WIFE.

"I have shot my wife. You will find her lying in the street. I think she is dead," said James Strail, as he walked into the police station at Oil City, Pa., yesterday, followed by a crowd, and surrendered himself to arrest. Policemen investigated and found on a prominent street corner a woman mortally wounded. Strail had lived apart from his wife and twelve-year-old son and had been working in a lumber camp. Mrs. Strail had supported herself and son by working in a restaurant. Strail went to Oil City yesterday and met his wife on her way to work. Without a word, he drew a revolver and fired twice, the shots taking effect in the woman's breast. Strail attempted to fire again, while his wife begged to be let go. She then fell over unconscious. The gun refused to work, and, throwing it away, he kicked the prostrate body of his wife about the sidewalk until stopped by the crowd. Strail refuses to give any reason for the shooting. His wife cannot recover.

## Today's Telegraphic News.

### Investigating American Ice Company.

New York, Sept. 11.—District Attorney Jerome has not signified whether he will make Attorney General Jackson's seizure of books of the American Ice Company and the private correspondence of the President Wm. Oler, the basis of an investigation before the grand jury of the ice company's methods. It is practically certain, however, that the Attorney General will demand ouster proceedings against the company, and in the event of Jerome's failure to act it is believed he will go before Governor Hughes with a request that a special district attorney be asked to conduct the inquiry. The papers in the Attorney General's possession are said to indicate that the company has resorted to methods for the suppression of competition and the extortion of excessive prices more reprehensible even than those trusts hitherto under the lime light in past federal and State investigations. The books indicate that the company made two million dollars in 1906, besides paying nine per cent. on fifteen millions of preferred stock. It appears that the company controls more than sixty per cent. of New York's ice business and has large interests also in Boston, Philadelphia and Washington.

### After Suspicious Characters.

New York, Sept. 11.—Accepting as worthy of investigation at least, the popular belief that Monday's and Tuesday's runs on the East Brooklyn Savings Bank were engineered by the Black Hand as a means of learning against whom the organization can most profitably wage a wholesale campaign, the police are planning a general round up of all suspicious characters in the New York and Brooklyn colonies. Depositors in the bank say they believe members of the Black Hand watched at the teller's window as money was withdrawn, noted the sums paid out, signalled to confederates in the streets, after which the owners of the money would be followed home and their addresses noted. It is believed that at least one hundred depositors who drew amounts of from $1,000 to $2,000 were shadowed thus, and the police think there will be a flood of Black Hand notes in a few days demanding money.

### Massacre of Jews.

Galatz, Roumania, Sept. 11.—The massacre of Jews at Kishineff is still in progress today. Fugitives who fled yesterday declare fully 100 Hebrews had been killed and scores injured there. Mobs were rushing through the Ghetto shooting every Jew who appeared in the streets or at a window. Looting accompanied the assaults. Hundreds of Jews have fled and those who remain are hidden. Scores who fled toward Roumania are reported to have been turned back by frontier guards. At Lodz the pogrom which started yesterday is reported to be still in progress. At least a score of Jews are reported dead today. At both Kishineff and Lodz the authorities are reported to have looked on without an effort to end the outrages. It is believed the mobs were incited to violence by seeing Jews at their New Year devotions.

### Suffering from Suicidal Mania.

New York, Sept. 11.—A beautiful young woman, said to be the daughter of a millionaire banker of London, was closely guarded and her identity carefully concealed when she sailed today in one of the finest suites on the steamer Adriatic. She is in direct charge of Captain E. G. Smith, at the direction of Immigration Commissioner Wacthorn, and it is believed she is being practically deported. She is suffering from a suicidal mania, and the captain was told that he would be held responsible if she came to any danger during the voyage. It could be learned only that she came here last May and a short time ago was taken to a sanitarium at Flushing, L. I., where she became violent. She was taken aboard the steamer on a stretcher. Her name appeared on the passenger list as Miss Jessie Hyman.

### Stowaway Devoured by Sharks.

Philadelphia, Sept. 11.—News of a horrible death of Stowaway Wm. Brown who was devoured by sharks under the eyes of the vessel's crews was brought by the steamer Annetta from Jamaica today. Brown was deported after being refused permission to land here on the last trip of the Annetta. As he was nearing Kingston he jumped into the water to escape the authorities, who punishe stowaways. Hardly had his body struck the water when sharks surrounded him and before assistance could be sent he was dragged under the waves and drowned.

### Street Duel.

New York, Sept. 11.—The police have been unable to secure any clew to the identity of the two men who fought a pistol duel in east Fortieth street last night, using groups of children as their shields and wounding several of the little ones in their battle. Two girls, thirteen and sixteen years old, are at Bellevue Hospital where physicians say their condition is critical. A woman, another bystander, was also slightly wounded. One of the duelists was also shot in the wrist.

### His' Affinity.

New York, Sept. 11.—Accused of having hugged and kissed Miss Margaret Murphy, a young white woman, George Yung, a chinaman, was held in $500 bail. While riding on an elevated train the Chinaman, who sat opposite Miss Murphy, ogled her continuously and when she got off followed her and it is alleged he threw his arms around her, kissed her and said "You my affinity." He got a slap in the face.

### Burning Ferry Boat.

New York, Sept. 11.—The Delaware, Lackawanna and Western ferry boat Bremen took fire in midstream between New York and Hoboken today and raced to her slip with the roof of the upper cabin ablaze. Passengers fought with one another to get ashore and several were hurt in the crush. Deckhands and officers kept the fire down until the Hoboken slip was reached when the fire department quickly extinguished the flames.

### Negro Charged With Murder.

Portsmouth, Va., Sept. 11.—Through witnesses located today the police expect to prove the guilt of Thomas Archer, the mulatto accused of murdering Mrs. Mary Poarschach, victim of a burglars bullet yesterday. Mrs. Quinton Overman told the police she saw a man coming away from the Poarschach home, stop at creek, wash his shoes, and coat. A lady expert detective arrived today.

### Earle at His Old Home.

New York, Sept. 11.—Monroe, N. Y., is non-plussed by Ferdinand Pinney Earle's return to his home there. It was generally believed that the handling he received some time ago would keep him away. It didn't. Earle has not only been at his mansion—Sommerling since yesterday afternoon but his mother, widow of Ferdinand P. Earle of New York, is with him.

The artist poet bought a big horse whip on his way home from the station and served notice, through the newspapers that he means to use it on trespassers. He seemed to think he would need no other weapon.

Earle's big Great Dane watches while his master sleeps. There are four servants at Sommerling.

All have sent their belongings from the house and will leave as soon as Earle can find other servants.

The townspeople held a meeting last night to discuss action with reference to Earle. A few favored an attack on his house, but the majority outvoted them, preferring to wait to see whether he further outrages public opinion by bringing "Affinity" Julia Kuttner to Sommerling.

Miss Kuttner issued a statement from Bethlehem, N. H., yesterday saying she believes public sympathy will yet "go out to herself" and "the grossly maligned Mr. Earle." "If the world is so hypocritical to condemn us," she adds, "we can only be sorry for the world. Mrs. Earle is rejoicing in her freedom. When she obtains her freedom from Mr. Earle I shall be ready to marry him".

### Runyan Sentenced.

New York, Sept. 11.—Chester B. Runyan, who stole $96,000 from the Windsor Trust Company was sentenced to seven years' imprisonment by Judge Whitman today. Runyan was the company's teller. He packed the money in a suit case and walked out with it in the presence of dozens of the institution officers and employes. It was believed at first that Runyan was dying of tuberculosis and had sought a climate which would prolong his life. Instead he joined Mrs. Laura M. Carter, a street acquaintance, and went to live with her in a Harlem flat.

The woman gave him up to the police a few days later. About $25,000 of his plunder had disappeared, and Runyan said he had given it to Mrs. Carter. She was tried for the theft, with Runyan as the State's chief witness, but was acquitted. Runyan pleaded guilty.

### The International Peace Congress.

The Hague, Netherlands, Sept. 11.—Belief is growing among delgates to the International Peace Conference that there is no hope of a permanent arbitration court. The difficulty is attributed to German opposition. Joseph Choate, the United States leading representative at the Peace Conference, is said to be one of the firmest believers in Germany's enmity to the plan, said a leading delegate to a United Press correspondent today. "Mr. Choate informed me he believes Germany intends to try to wreck the permanent arbitration court proposal. During the last few committee meetings Baron Bieberstein, the German representative, has objected to e proposal other delegates have made. appears to be anxious to throw e obstacle in the way of completing organization."

### Proposed Trip Around Cape Hor

Montpelier, Vt., Sept. 11.—Th around Cape Horn, which his ship made so successfully nine years ago, should have few dangers for Admiral Evans's more modern fleet, says Rear Admiral Charles E. Clarke, now retired, commander of the Oregon on its famous race from San Francisco to Santiago during the Spanish war. He believes, however, that Evans's squadron will be in grave peril should it attempt to thread the Straits of Magellan in fleet formation. "I presume the admiral in command of the expedition will send his vessels through in twos or threes and have them rendezous beyond the straits. There, it seems to me, is the only place where the fleet would encounter more than ordinary perils of an ocean voyage."

### Packing House Destroyed.

Philadelphia, Sept. 11.—A spark from a passing locomotive caused a fire that destroyed the Cudahy Packing Company's plant at Ninth street and Girard avenue today with $200,000 loss. The food products stored in the big building fed the flames and so rapidly did they spread that the firemen had a hard fight to confine them to the Cudahy establishment. The greatest loss was caused by the provision department burning out, roasting 250 tons of beef to a crisp. All the machinery was also destroyed.

### Killed by Train.

New York, Sept. 11.—While half asleep and trying to cross the subway tracks at Bleecker street a young negro was ground to pieces today beneath a northbound subway express train. He evidently had passed his station while coming down on a local train and wished to cross over in order to board an uptown train. Two hundred men and woman saw the half dazed man walk in front of the swiftly moving train and the screaming and fainting that followed gave the police hard work for fifteen minutes.

### Killed by Trolley Car.

Bethlehem, Pa., Sept. 11.—John Owens, a photographer of this city, was killed and several persons were injured today when a trolley car, escaping control of the motorman, dashed down a steep hill near Nazareth and turned turtle, burying some of the passengers under the wreckage. Slippery rails allowed the car to gain great headway.

### Contest Declared Off.

Jamestown, Va., Sept. 11.—The yatching regatta began here today and the fleet participating is a truly representative one in most of the classes. Owing to a lack of entries the contest for the Lipton Cup, limited to the 57 and 68 footers, has been declared off.

The three victims were crushed to death.

The church meeting was a quiet and orderly one, and no disturbance of any kind occurred. There was nearly the whole police force of the city at the church to preserve order and prevent any outbreak or trouble. The meeting voted to retain Pastor Tait by a vote of 246 yeas to 197 nays. Only the male members were allowed to vote. Tait, who is a bright mulatto, was educated at Washington, D. C., and went to Petersburg from Boston to accept a call to Harrison Street Church.

### MR. THORNTON ELECTED.

The democratic primary yesterday resulted in the selection of Mr. R. Ewell Thornton, of Fairfax, as the candidate for State Senator from the Fourteenth Virginia district, composed of Alexandria city and county and Fairfax and Prince William counties. Mr. Lewis H. Machen, the present incumbent, made a vigorous canvass, and his vote shows that his course has been approved by a minority of votes in no way to be despised. Mr. A. J. Wedderburn, who had also thoroughly canvassed the district, failed to receive the support he had anticipated, and during the casting of the ballots yesterday it was seen that the contest was really between the Alexandria and Prince William candidates.

After the close of the polls at sunset yesterday many people appeared on the streets all anxious to learn the result. Early in the night the returns showed that Mr. Machen had received about half of the vote of the city, the other half being divided between Messrs. Thornton and Wedderburn. It was then apparent that the latter would arrive at the goal last, while the probabilities tended to show that when all the returns should have been received that Mr. Machen would come in second.

Partial returns from Fairfax and Prince William made this more apparent, and while Mr. Machen and many of his friends never abandoned hope, Mr. Thornton's success was admitted by most people.

Today's fuller returns have corroborated the surmises of last night.

The vote by wards was as follows:

First ward—Machen, 138; Wedderburn, 77; Thornton, 27.

Second ward—Machen, 176; Wedderburn, 25; Thornton, 69.

Third ward—Machen, 150; Wedderburn, 49; Thornton, 49.

Fourth ward—Machen, 94; Wedderburn, 39; Thornton, 82.

In the Second and Fourth wards there were contests for membership on the city democratic committee. Louis Brill and R. T. Cook were elected in the Second ward, the former receiving 209 and the latter 199. John W. May received 140. Charles Bendheim, with 159 votes, and James Fitzgerald, with 154, were elected in the Fourth ward, Courtney Acton receiving 72.

The vote in Alexandria county was as follows:

Arlington district—Machen, 124; Thornton, 23; Wedderburn, 1.

Washington district—Machen, 44; Thornton, 14.

[illegible]fferson district—Machen, 24; Thornton, 9; Wedderburn, 6.

[illegible]otal vote of the city was:

[illegible]ward, 250; Second, 327; Third, 227; [illegible]220. Several votes, improperly were thrown out in each ward.

[illegible]te of the district was as follows:

| | Machen. | Thornton. | Wedderburn |
|---|---|---|---|
| [illegible]'y..... | 558 | 227 | 209 |
| Alex. county.. | 192 | 56 | 7 |
| *Fairfax..... | 251 | 515 | 24 |
| Prince Wm.... | 206 | 491 | 10 |
| Total.. ..... | 1,207 | 1,289 | 250 |

*This is the vote of Fairfax county with Moore's precinct left out. This precinct however, gave Thornton 9 majority.

The vote of Manassas was: Thornton, 172; Machen, 58; Wedderburn, 4.

The matter of the circuit judgeship entered largely into the election, the votes in the city for Machen and Wedderburn being largely in favor of Mr. J. M. Johnson while a majority of those cast for Mr. Thornton favor the selection of Judge Thornton for the position to which he was recently appointed by Gov. Swanson.

In some parts of the district, it is said, the primary was loosely conducted, in one precinct the polls not having been opened at all while in others they were not opened till late in the day, thus preventing many from voting.

### THE CITY DEMOCRATIC COMMITTEE.

In the democratic primary yesterday there were contests in two of the four city wards for membership in the city democratic committee. In the Second ward Louis Brill received 209 votes, R. T. Cook 199, and John W. May 140. The two first named are the present members. In the Fourth ward Charles Bendheim, the present chairman of the committee, received 159 votes, James Fitzgerald 154, and Courtney Acton 72. The two last named were candidates for the place of O. F. Carter, who had retired. Each ward is entitled to two committeemen, and the defeated candidates are therefore Messrs. May and Acton. The new committee will be composed as follows: First ward—O. W. Phillips and Thos. Risheill; Second ward—Louis Brill and R. T. Cook; Third ward—S. G. Brent and S. P. Fisher; Fourth ward—Charles Bendheim and James Fitzgerald.

### POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

A white man, charged with drunkenness, was sent to jail for ten days.

Milton Washington and Clarence Jones, two colored boys, arrested on suspicion of setting fire to a barn belonging to Mrs. Annie Dugan, were dismissed.

Malinda Level, colored, charged with assaulting Mamie Morrison, also colored, was fined $5.

Louisa Corbin and Mary Flood, both colored, charged with stealing coal from the Southern Railway Company, were fined $5 each.

R. D. Wilson, charged with stealing a watch from C. O. Waglano, had his case continued.

James Sydnor, colored, charged with assaulting Annie Sydnor, was dismissed, the plaintiff not appearing.

### BENEFIT PAID.

The trustees of Belle Haven Lodge, Knights of Honor, have paid to Mrs. Sallie C. Watkins the sum of $2,000, the amount of the benefit certificate of that order held by her husband, the late J. H. Watkins.

### W. C. T. U.

The regular business meeting of the Allison W. C. T. U. will be held tomorrow afternoon at 3:30 o'clock at the Children's Home on Duke street.

### ALEXANDRIA DAY AT LUNA PARK.

In honor to historic Alexandria, the last week day of Luna Park's season will be given over to it. The day will be replete with all the accessories that make an outing enjoyable and complete. Speech making by skillful orators, athletic events, social pastimes and family reunions will form part of the day's program.

Celfo's Band will be up to the minute in the matter of tunefullness and special car service will be at the disposal of Alexandrians, that no inconvenience will be experienced in this direction.

The free vaudeville at the park this week is more attractive than ever, made so by Messrs. Ribbel & Derry, Barnum's strong men and aerial gymnastic athletes.

For the closing day, which falls on Sunday, September 15th, special programs have been arranged, that the season will be ushered out with the same high standard that has made it so popular since its inception, May 25th last. Tardiness being an unknown quantity at Luna Park, the management is already making arrangements for next year, and many innovations are promised in the matter of novelties and concessions.

Clifton Bradford, of the Baptist Woodbine church, officiating. After the wedding a bountiful collation was served. The newly-married couple will board the Norfolk steamer tonight for a trip to the Jamestown Exposition. The following guests attended the wedding: Mr. and Mrs. John Renoe, Miss Jennie Renoe, Mr. and Mrs. Dorsey Fair, Mr. and Mrs. Moisir, Mr. and Mr. Bieber, Miss Evelyn Bieber, Mr. and Mrs. Lowe, Mr. Edward Keys, Mr. J. Lynn, Mr. M. H. Hunter, Mr. Ralph Fair and others.

### THE COMET.

What is called Daniel's comet will, it is announced, be visible at an early hour tomorrow morning. The mysterious wanderer is said to be as mighty and magnificant as the comet of 1882. The present comet was discovered June 9th by Professor Daniel, of Princeton University. It has a tail which extends like a broad white feather for 14 degrees, or about 23 times the diameter of the moon. Its nucleus is very luminous and shines as brightly as a star of the second magnitude. This comet is 30 times as big as the earth, and is on its way around the sun at the rate of 25 miles a second. It is more than 21,000,000 miles distant from the earth.

### SUSPECTED OF ARSON.

Officers Lyles and Ferguson yesterday evening arrested Milton Washington and Clarence Jones, two colored boys, on suspicion of starting the fire which brought out the department shortly after 3 o'clock in the afternoon. They were charged with smoking cigarettes in a stable belonging to Mrs. Annie Dugan on north St. Asaph street, which was later discovered to be on fire. The two boys were brought before Justice Caton in the Police Court this morning, but the evidence against them was unsatisfactory and they were dismissed. One of the accused proved an alibi.

### THE WEATHER.

The Weather Bureau last night predicted cooler weather today. The change, however, did not come till after 12 o'clock when the mercury registered 86° and the humidity was very high. Shortly after noon, however, rain fell and the mercury dropped in less than an hour and a half to 70. The change has been much gratifying. The weather during the past few days has been oppressive. There was considerable lightning in the southern and western heavens during the early part of last night with occasional thunder indicating storms near this city.

### SCHOOL PERMITS.

The Clerk of the City School Board today issued 94 permits to children to attend the public schools—59 to white boys and 35 to white girls. This makes 1,165 permits issued to white children during the week—565 to boys, and 600 to girls. Last year 1,138 were issued to white children—550 to boys and 588 to girls. Permits will be issued tomorrow and Friday to colored children.

## Strange Omissions In the Chicago Lighting Plant Report.

**It Places the Annual Total Cost Per Lamp at $52.39—No Account Taken, However, of Lost Taxes, Water, Depreciation, Rent or of Half a Dozen Other Important Elements of Expense—Biggest M. O. Plant in the Country—Its Service as Poor as Its Report is Misleading.**

The largest municipal electric light plant in the United States is that operated by the city of Chicago. Naturally students of municipal ownership turn to its reports as one of the principal sources of information on the subject. Unfortunately, however, these reports have been so worded as to give the false impression that the municipal lights cost the city much less than if they were supplied by contract with a private company.

Newspapers all over the country have announced that Chicago's street lights during 1906 cost only $52.39 per lamp, and they are not to be blamed for making this assertion, for twice on page 12 of the report for that year $52.39 is given as the "total cost per lamp." It is true that elsewhere in the report this statement is modified by the admission that this "cost" doesn't include interest, lost taxes, water, depreciation, rent of offices and poles, judgments against the city on account of accidents, a proportion of the cost of the offices of the comptroller, auditor, business agent and other branches of the city government, etc., but the edge is taken off this admission by the further statement that "the cost of $52.39 includes all expenses actually borne by the city," a statement, by the way, which is not even technically true.

The report admits that "there is some justice in the contention" that these items should be charged against the lighting cost, but it makes this admission only after years of refusal to do so, and does so now because of an investigation into the workings of the plant that has recently been made, and the findings of which will soon be published.

Six years ago the Reform club of New York employed a well known firm of accountants to find out what Chicago's lights were really costing. At that time the city claimed a cost of $62.09, but the accountants reported the real cost as $99.88 and made no allowance for damages, street repairs, rent of offices and poles or the lighting department's share of the expense for auditing, purchasing and legal expenses and a very low allowance for depreciation. But the city authorities totally ignored the findings of this disinterested and expert investigation.

The unfairness of the report is further shown by its comparison of the per capita cost of lighting Chicago and five other cities that do not operate municipal lighting plants. In the first place, the street lighting of Chicago is notoriously inadequate, and in the second place, while the rates in the other cities cover the entire cost of lighting, in Chicago they include only a fraction of the cost.

Perhaps the most misleading feature of the report is its comparison of the alleged "cost" of the municipal lights with the rates charged by the private company with which the city contracts for 746 of its lamps. These are in the outskirts of the city, where the cost of maintaining them is very high on account of their long distance from the generating station and their remoteness from each other. That is why the city contracts for them. Yet the report assumes that the company would charge just as high a rate if it had the contract for all the lights. This assumption is not only manifestly absurd, but is directly contrary to the facts, as one of the companies offered a reduction of more than one-quarter of its contract price if it were given the entire lighting contract.

In making comparisons the quality of the service is an important consideration, and the service of the Chicago city plant is bad. It cheats the public both by the frequency of outages (lamps going out and staying out the rest of the night) and by stealing its own current—i. e., reducing the amperage below the point at which the current keeps the lamps up to their rated candlepower. In many cases observers have noted that, especially after midnight, the lamps give only a dull glow at the carbon points and are of practically no value as lights. This is done to reduce coal consumption and of course makes a great difference in the cost of operation. It would not be tolerated from a private company, which would also be penalized for outages. These things are quite naturally not mentioned in the report.

To sum up, the report gives the impression to the casual reader that the municipal plant is giving good service at a low cost, while the facts are that its service is poor and that the cost is much higher than if the lights were supplied by a company.
